## Little ECHO

The February 9, 2005 Board of Education meeting was not held due to lack of a quorum. A rescheduled agenda was posted and a meeting was held on February 12, 2005. A summary of that meeting is as follows:

**ACTION ITEMS:**

1. Financial matters, and bills payable were approved.
2. The board approved the District Improvement Plans for WE, WW, and WJH, beginning with the second semester of the 2004-05 school year and continuing through the 2005-06 school year.
3. The board authorized that a letter be sent to the WEA notifying them that the Board of Education is contemplating a reduction-in-force for 2005-06.

Respectfully submitted,

*Dr. Donna L. Henningsen*
